

NOTICE

The bendable cat and dog figures given to some children as part of the Library's Summer Reading Program may cause a health problem because of lead content. Highsmith Inc., the distributor of the toy, has recommended it be recalled. A photo of the toys is below:

The toys were available at four branch libraries: **Allied Gardens/Benjamin, San Carlos, San Ysidro and Tierrasanta**. If your child received one of these bendable toys as part of their Summer Reading Program prize bag, **PLEASE RETURN THE TOY TO THE LIBRARY AS SOON AS POSSIBLE**. The items should be returned to the libraries to control the proper disposal of the toys as they contain hazardous waste.

If you have any questions, please contact any members of the Library staff.
